

ACCOUNT MANAGER - Belgium

At CHG-Meridian we offer unique solutions for the financing and management of IT, healthcare and industrial technology. That's how we keep our customers business at the forefront of technology, while reducing costs and minimizing workload. More than 12.000 customers across 29 countries trust us with their technology investments.

Whether our customers want to be equipped with new laptops, mobile phones, forklifts, robotics or MRI machines, we guide them through the entire lifecycle. Taking care of everything from consulting, procurement, financing, preparation, deployment and maintenance to the certified deletion of data, refurbishment and remarketing. By avoiding, reducing or offsetting all CO₂ emissions generated by our business activities, we achieved carbon-neutrality in 2021 and we strive to support our customers achieving the same objective.

As Account Manager you will be(come) a trusted advisor when it comes to full-service ICT leasing.

With existing customers, your aim is to increase satisfaction by understanding their current and more important future needs, in doing so expanding projects.

For potential new customers, you generate opportunities to build up a sustainable portfolio in the appointed sales area. To achieve this goal, you actively build and maintain an internal and external relationship network.

You know how to translate customer wishes into ICT solutions and services. You identify opportunities and risks and strive for long-term relationship with the customer.

When it comes to maintaining a good relationship with our partners, you are a natural. In your role you will be dealing with people from all levels, ranging from IT teams to purchasing managers and CFOs.

We have plenty of room for you and your ideas. We need people who can tackle new challenges with integrity, ownership and a passion for IT solutions.

We offer a dynamic and people-oriented environment, with focus on efficient communication, respect and an open-door policy. We drive a motivating work atmosphere that recognizes and rewards results as well as people. Moreover, it is an interesting and challenging job within a long existing organization. The Belux business can count on 43 experienced colleagues, all of them eager to meet you and support you in onboarding.

We offer performance based competitive remuneration with a complete package, flexible working hours, mobile working and room for growth and personal development.

You are completely convincing if you have/are:

- A Bachelor or Master level, preferably business-orientated
- 1 to 3 years of work experience in client management preferably in a financial oriented or sales environment.
- Worked in a (B2B) sales technology environment or have served in this segment
- Computer literate (Microsoft Word, Excel, PowerPoint,) and IT savvy
- Very good knowledge of Dutch and English (spoken and written), basic knowledge French
- Very good communication/presentation skills
- Good sales and negotiation skills
- Be well organised, proactive and stress resistant
- Ability to work in team but also maintain high quality work stand alone
- Have the capacity to master complex sales cycles and sell custom-made solutions
- Have good analytical knowledge and capacity to understand financial related offering and calculations
- We offer a trainee program for young potentials

Fitting in will be easy if you are:

- A problem solver
- Eager to learn new things
- Enthusiastic and full of team spirit
